Hanyi Panel

Beijing Beihai Building Material Co., Ltd is the professional manufacturer of Hanyi Panel in Beijing, China. There are 8 styles and over 100 colors for you to choose from.

Hanyi Panel is made up of three layers: the top material is aluminum-zinc coated steel board (the thickness of the steel board is 0.3mm), the middle material is Polyurethane foaming and the back material is glass fiber paper. The three layers are formed together by automatic equipment under high temperature, which is different from other similar product. So we guarantee the quality of Hanyi Panel for over 45 years.

The length of Hanyi Panel is 3000-6000mm (standard length is 3800mm), the width is 380mm, the thickness is 16mm.
